### **Part 1 - Ice Breaker**

Where have you gone for vacation?

### **Part 2 - Sermon Review**

1. What was so strange about Jesus talking with a woman?
2. Jesus was willing to break with culture to do what was love this woman. In what ways does our culture push us into molds we should break?
3. We think God can only use people with cleaned up lives. Why does God love to use those with wounds and sin in a big way for his kingdom?
4. Why didn't Jesus eat when his disciples brought him food? (There are two answers to the question.)
5. How does doing God's will and God's work vanquish spiritual boredom from our lives?
6. There are windows of opportunity when people are more open to learning about Christ than at ordinary times in their life. When do those windows come?
7. How is evangelism like the saying, "The straw that broke the camel's back."
8. It is often in the most unlikely times, with the unlikely people in the most unlikely places that God is most likely to do something significant through us. Take time to pray and ask God to make you sensitive to those windows of opportunity.
