Part 1 - Ice Breaker

- Did you have water in your basement with this weeks rain?

Part 2 - Sermon Review

- Name one of the types of faith that won't save.
- Paul often uses Abraham as an example to show we are saved by faith instead of works. How was Abraham's faith proved and completed by his works?
- What is an *Abraham test*? Are you in one? What is the test's purpose?
- What was the difference between Rahab's faith in the God of Israel and everyone else's in the city of Jericho? Was God more concerned about her past or the choices she made as she went into the future?
- In Romans 3:28, Paul says we are justified by faith apart from works, yet in James 2:24, it says we are justified by works, and not by faith alone. These verses seem to contract, explain why they are not in conflict.
- How is the relationship between fire and heat similar to the relationship between faith and works?
- Is there an action of obedience is God prompting you to take when it comes to connecting faith to life?
