## Part 1 - Ice Breaker

- What is the most memorable wedding you were a part of? What made it special?

## Part 2 - Sermon Review

- Pastor Kurt said earthly marriage is patterned after the relationship between Christ and his church. What does that tell you about the way our relationship with Christ will be when we die or when he returns?
- What is the most extravagant act of love your spouse has done? What is the most extravagant act of love ever performed by a groom for his bride (think theological)?
- What are some things brides do to be their best for their wedding? What are some things we should do to prepare for our ultimate wedding to Christ?
- What are ways people in the Old Testament cheated on God, their husband?
- One way we two-time on God is loving the world rather than loving God. What does it mean to love the world? Does it mean professional sports are wrong?
- Reflecting on our previous weeks in James, what are ways the Christians James wrote to were pouring their affections out to the world rather than Christ?
- How does a bride repent of her wandering heart? How do we repent when our hearts wander from Christ, our husband?
- Pastor Kurt closed with the true story of the groom trembling at the altar as he was overwhelmed with anticipation over the moment when he would finally be with his bride forever. Did you ever think of Christ trembling in joyful anticipation as he waits for you? How does that change the way you think about your love relationship with Jesus?
