

The Ten Commandments of James

Small Group Work Sheet
September 11, 2011

Part 1 - Ice Breaker

- What were you doing when you heard of the attack on the World Trade Center ten years ago?

Part 2 - Sermon Review

- By nature, are you filled with more pride or humility?
- We have more pride than we realize. What are subtle ways pride creeps into our thinking?
- Why is submission to those in authority over us the first, but often the hardest, step of humility?
- What is the *test of submissiveness* to God's authority in our lives?
- How does God enable us to fight against Satan, a more powerful spiritual enemy?
- What is the problem when we act like a *knight in shining armor* and engage Satan in a frontal battle?
- What does it mean to resist the devil with humility?
- What does the story of the prodigal son teach us about how God responds when we draw near to him?
- What is instant repentance? (Guys in the group should demonstrate their *best* eye bounce.)
- While Christians are to be filled with joy because of who we are through Christ, what should cause us to be wretched, mourn and weep?
- When a church doesn't talk about sin, hell, mourning, repentance and grief what are they denying the congregation?
- When we focus on humility, why should we not worry about living a life of significance?
